Modern Adoption gives you choices. You decide who adopts your baby, how much you get to know the adoptive parents you choose, and what happens at the hospital when you give birth. If you want, you can even stay in touch after the adoption, sharing updates through phone calls, texts, emails, letters, social media, and visits. You have a say in every step!

Get confidential answers where you are:

- Learn about adoption from the privacy of your phone or laptop.
- Find adoptive families of all backgrounds, throughout the US, online or in Lifetime Adoption's free Open Adoption app.
- Download a FREE BOOK for women thinking about adoption (you can even read this book from the app!).
- Listen to stories from other mothers who chose adoption.
- Chat online or message (with a real person!) on Facebook or Instagram.
- Safely start your adoption plan online, by email, or mail.
